

PROCEEDINGS OF THE CHIEF ENGINEER (IRRIGATION & ADMINISTRATION)
THIRUVANANTHAPURAM.

(Present : Alex Varghese)

Sub:-Irrgn. – Estt. – Increasing percentage of Plan Expenditure – Providing Service of AE's in the field in existing vacancies – Transfers & Postings - Orders Issued.

ORDER No.A3-5000/2017 Dated: 15/02/2021

It is observed that only 40% of plan funds allotted to this department in the current financial year has been spent and the works have to be expedited, this working season, to achieve a satisfactory result. The vacancies in the post of Assistant Engineer in various offices is hampering work execution severely. The existing vacancies of Assistant Engineers in the field could not be filled at present by promoting qualified Overseers as Assistant Engineers since the Honourable Administrative Tribunal has stayed the processes and the DPC hence could not be convened.

In the circumstances, it is decided to transfer and post the following Assistant Engineers in Irrigation Department to the offices mentioned against their name in the table below with immediate effect. The CE(IDRB) will relieve the officers concerned from the present station on 16/02/2021 itself directing them to take charge at the new station immediately. Their satisfactory performance on the field, this working season, would be taken into account while considering their request, if any, for transfer to a place of their choice after the working season.

Sl.No.	Name & Designation	Present Office	Office to which transferred
1.	Rohith.R.D. Assistant Engineer PEN. 801184	Assistant Director, IDRB, Hydrology	MI Section, Bendhadoka, Kasargod.
