

MINUTES OF MEETING HELD ON 30.11.2019 AT BOARD ROOM IDRB, BY THE
TECHNICAL COMMITTEE REGARDING THE TRANSPORTATION PLAN FOR
DESILTATION OF MANGALAM DAM

The meeting started at 12:00 PM.

The field Officers presented the detailed transportation plan prepared for removing the sediments of Mangalam Dam.

Technical Committee also suggested to included suggestion in the bid document to provide lorry mount cleaners to clean the road as and when required.

The Technical committee has instructed for corrections in the chart showing the number of trucks plying in the road during the peak hours and off-peak hours.

After discussion the committee approved the transportation plan.

The EMD was calculated with respect to the LMR RATE of the sediments and the amount comes to Rs.7.50 Crores. In the meeting, Technical committee suggested that, it is decided to limit the value of EMD to 1 crore to attract more response from the bidders.
