Head of the Department

Sir/Madam,

Sub: IMG, Thiruvananthapuram – MoEFCC- Training Programme on ' Human-Wildlife Conflict ' (02-04 November 2026) – Nominations Invited.

In association with the Ministry of Environment, Forest and Climate Change (MoEFCC), Government of India, the Institute of Management in Government (IMG) is organising a three-day training programme on **“Human-Wildlife Conflict”** under the **Forestry Training and Capacity Building (FTCB) Scheme, “Training of Personnel of Other Services,”** from **2nd to 4th November 2026** at the IMG Headquarters, Thiruvananthapuram.

Human-wildlife conflict is an increasingly important concern with implications for livelihoods, agriculture, animal husbandry, public safety, conservation and community well-being. Effective management of such conflicts requires not only the interventions of the Forest Department, but also coordinated action and informed decision-making by officers from various sectors who work closely with affected communities and conflict-prone areas.

Officers from departments such as Agriculture, Animal Husbandry, Veterinary Services, Tribal Development, Rural Development, Public Health, Irrigation, Soil Conservation, Tourism, Revenue Administration, Police Administration and Judicial Services frequently encounter issues having a direct or indirect interface with human-wildlife conflict. Developing a better understanding of the causes, impacts, preventive measures, mitigation strategies, institutional mechanisms and community-based approaches will enable such officers to respond more effectively and facilitate coordinated solutions at the field level.

The programme is intended for **Class I/ Group A/Senior Level Officers** from the above and other relevant departments/services having an interface with human-wildlife conflict, affected communities or related administrative and developmental activities.

The programme will adopt a participatory and experiential learning approach comprising expert sessions, interactive discussions, field visits to facilitate a better understanding of human-wildlife conflict management and promote collaborative solutions.

It is a state-wide programme. You are requested to kindly nominate three (3) suitable participants from your Department for this training programme. The nominations may kindly be forwarded to IMG **on or before 17 October 2026 (Saturday) by email at sevottamimg@gmail.com** The details of the nominees may be forwarded in the enclosed proforma attached to this mail.

Boarding, Lodging and TA:

Boarding and lodging facilities will be provided by IMG to the participants for the duration of the three-day training programme. The participants will also be eligible for reimbursement of Travel Allowance (TA) as per approved norms.

Participants may be relieved for attending the programme only after receipt of the formal confirmation from IMG.

For any course-related assistance and further details, please contact: Ms. Ninumol P M, Assistant Professor & the Course Director, of this programme (Mob:8606420556).

Your support in nominating suitable participants will greatly contribute to strengthening collaborative efforts towards effective management of human-wildlife conflict and conservation of biodiversity.

Yours faithfully,

Sd/-

Ninumol P M
